

## Research Psychologist

Founded in 1920, Momentous Institute is committed to offering services that are systemic, trauma-informed, and include brain and strengths-based perspectives. Comprehensive therapeutic services annually offered to over 5,500 children and family members focus on building and repairing social emotional health so families can achieve their full potential. With an emphasis on innovation, collaboration and training, Momentous Institute offers a truly dynamic work environment.

**Reports to:** Director of Clinical Research

### Professional Responsibilities:

- Develop and manage research projects for Momentous Institute. Ensures that projects are executed successfully and completed within time frames to meet research objectives.
- Complete written documentation in support of research projects, including literature reviews, IRBs, scripts, manuscripts, and presentations. (50% of position)
- Run statistical analyses for current research projects in support of agency objectives, grant submission, and manuscript completion. (25% of position)
- Works collaboratively with clinical research team members to support streamlined research collection process. Consults with co-investigators on appropriate management of participant concerns and research process problems.
- Actively participates on the research committee, Institutional Review Board and supports program manual creation.
- Exhibits Momentous Institute's core values: respectfulness, stewardship, innovation, collaboration and hope.
- Performs other duties as assigned by Director of Clinical Research.

### Professional Qualifications:

- Doctoral Degree in a relevant field of study, i.e., psychology, and at least two years of related work experience.
- Statistical analyses experience required, SPSS preferred.
- Strong verbal and written communication and interpersonal skills.
- Solid computer skills necessary, including experience with Microsoft Word, Excel, and PowerPoint.
- Able to work with clients and colleagues of diverse ethnic and socioeconomic backgrounds.
- Strong attention to detail, critical thinking and problem solving are required.
- Willing to work flexible hours to accommodate evening work.

### Preferred Qualifications:

- Experience conducting research in a clinical setting; community mental health or outpatient clinic preferred.
- Bilingual (Spanish/English) preferred.

### Interested:

Interested candidates are asked to send a letter of interest and current vita or resume to: Christina Wise, [cwise@momentousinstitute.org](mailto:cwise@momentousinstitute.org). All employment offers are contingent upon successful completion of a criminal background investigation, including a check of the National Sex Offender Registry.
